## PROFESSIONAL SUMMARY

---

Motivated Computer Science and Design undergraduate with practical experience in UI/UX Design, Frontend Development, Web Development, and AI-powered applications. Skilled in designing intuitive user interfaces, developing responsive web applications, and creating high-fidelity prototypes using Figma. Experienced with HTML5, CSS3, JavaScript, React.js, Python, Flask, MySQL, MongoDB, and REST APIs. Built AI-powered projects using Google Gemini API and completed industry-recognized AWS and NPTEL certifications. Seeking an opportunity to contribute as a UI/UX Designer, Frontend Developer, or Web Development Intern while continuously learning and delivering impactful digital experiences.

## SKILLS

---

Figma | UI/UX Design | Wireframing | Prototyping | User Research | User Flow | Responsive Design | Design Systems | HTML5 | CSS3 | JavaScript | React.js | Python | Flask | Node.js | Express.js | MongoDB | MySQL | Google Gemini API | Git | GitHub | VS Code | Postman | AWS Cloud | Cloud Computing | Data Engineering

## EXPERIENCE

---

### **Zephyr Technologies, Mangalore**

#### **MERN Stack Developer Intern**

**February 2026 – Present**

- Developed responsive web interfaces using HTML5, CSS3, React.js, and JavaScript.
- Worked with MongoDB, Express.js, React.js, and Node.js to build web applications.
- Collaborated with mentors to improve UI, implement new features, and resolve bugs.
- Participated in testing, debugging, and version control using Git.
- Gained practical experience in Agile software development and frontend implementation.

## PROJECTS

---

- **Drug Lens** – Developed an AI-powered medicine identification web application using Python, Flask, Google Gemini API, HTML, CSS, and JavaScript, enabling medicine recognition through image upload, barcode scanning, and text search.
- **Herb Lens** – Built an AI-powered medicinal plant identification system using Python, Flask, Google Gemini API, HTML, CSS, and JavaScript, providing plant recognition and medicinal information through image analysis.
- **Local Service Marketplace** – Developed a full-stack MERN web application connecting customers with local service providers, featuring user authentication, service booking, and responsive web interfaces.
- **Music Player App (UI/UX Design)** – Designed a modern music streaming application in Figma, creating wireframes, high-fidelity prototypes, and responsive user interfaces focused on an intuitive listening experience.
- **Food Delivery App (UI/UX Design)** – Designed a complete food ordering application in Figma, including restaurant browsing, cart management, checkout, and order tracking with a user-centered interface.
- **Education Website (UI/UX Design)** – Designed a responsive educational platform in Figma featuring course listings, student dashboards, and interactive learning interfaces with a focus on accessibility and usability.
- **E-commerce Product Website (UI/UX Design)** – Designed a modern online shopping experience in Figma, including product pages, shopping cart, wishlist, and secure checkout interfaces.
- **Photo Sharing App (UI/UX Design)** – Designed a social media application in Figma with photo feeds, user profiles, likes, comments, and messaging features using modern UI/UX design principles.

## EDUCATION

---

**Srinivas Institute of Technology** - Mangalore, Karnataka

Bachelor of Engineering (B.E.) - Computer Science and Design

Visvesvaraya Technological University (VTU) | 2023 – 2027

CGPA: 8.51/10

**G.H.S.S. Kudamkuzhy** - Kasaragod, Kerala

Higher Secondary (Kerala State Board) | 2021 – 2023

Percentage: 91.66%

**G.H.S.S. Kudamkuzhy** - Kasaragod, Kerala

SSLC (Kerala State Board) | 2021

Percentage: 98%

## CERTIFICATIONS

---

- **AWS Certified Cloud Practitioner** - Amazon Web Services (2026)
- **AWS Academy Graduate** -Data Engineering (2026)
- **NPTEL Cloud Computing** - Successfully Completed (2026)
- **Data Engineering Virtual Internship (2026)**
